

Google Apps:

Agile CRM integrates with different google apps seamlessly and lets customers to sync their contacts & calendar between their Google and Agile accounts. Here's how you can enable your Google Apps in Agile CRM.

Google Docs

Agile keeps all your important documents and files that are related to your contacts in one place easily.

<input type="checkbox"/>	Title	Related To	Uploaded Date
<input type="checkbox"/>	NDA Uploaded Doc ↗		
<input type="checkbox"/>	Setup Guide Google Drive ↗	 	<u>21 days ago</u>

Attach your docs to a contact or a deal either by uploading the document directly from your computer or linking the file from your google drive.
