

## Mandrill CRM - Agile CRM

Mandrill is a scalable and affordable email infrastructure service by MailChimp. It has all the marketing-friendly analytics tools as in MailChimp.

Agile CRM integrates with Mandrill email gateway to enable its customers to launch bulk email campaigns from Agile via Mandrill gateway, at a lesser cost and an enhanced deliverability.

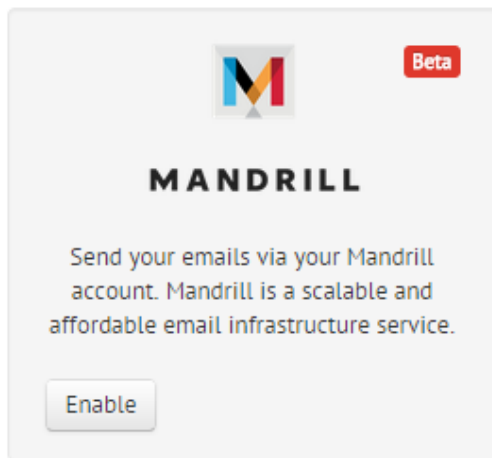

Here's a detailed setup description of Agile's Mandrill integration:

### 1. Locate the Mandrill Integration

Go to Admin Settings ---> Integrations and look for the Mandrill integration under Email Gateways section. Click on the 'Enable' button on the widget to integrate Mandrill with Agile.

## Email Gateways

---

### 2. Find your Mandrill API key

Login to your Mandrill Account in a new tab and move on to the 'Settings' tab. Now, click on the 'SMTP and API info' tab to find your Mandrill API key. Copy the API key over there.

## Settings

SMTP & API Info   Domains   Sending Defaults   Rejection Lists   API Logs   Webhooks   Custom Metadata

### SMTP & API Credentials

Send email using [our API](#) or get started quickly with SMTP using the information below:

Host	smtp.mandrillapp.com
Port	587
SMTP Username	naresh@agilecrm.com Q
SMTP Password	any valid API key

---

### API Keys

[+ New API Key](#)

Key	Description
MRiwkducZGEbXrLW1LC5oQ <small>Created: Feb 24, 2014 7:24 pm</small>	Test app

This is a test key.

### 3. Link your Mandrill Account

Upon clicking the 'Enable' button on the Mandrill widget, a new window shows up. Enter the copied Mandrill API key in the 'API key' field and click on the 'Save' button to link your Mandrill account with Agile CRM.

## Admin Settings

Account Preferences   Users   Custom Fields   API & Analytics   Deals   Stats   Tag Management   Integrations

### Enter your account details
